

PT. BONA MESTY GEMILANG

Manufacturer of safety gloves and safety wear

GENERAL CATALOG

PT. BONA MESTY GEMILANG was established in 2002, which has headquarters and factory in Cikarang - Jawa Barat, manufacturing and supplier of safety gloves in Indonesia. The company diversified into safety gloves under the trademark BONA GLOVES.

BONA GLOVES have full automatic knitting machines, glove dipping machines, glove printing machines, packing machines, atom cutting machines, and glove sewing machines. To our customers, we can assure you that we can now provide a very fast delivery service for different types of gloves.

BONA GLOVES is capable producing PU dipping gloves, Latex dipping gloves, Nitrile Dipping gloves, leather gloves, cotton gloves, Apron and safety masks for customers.

BONA GLOVES Being one of the pioneers in the occupational safety trade in Indonesia. PT. BONA MESTY GEMILANG has established BONA GLOVES as the leading local brand in safety gloves.

BONA GLOVES has consistently strived to maintain its leadership through continuous innovations in design and services to ensure safety and comfort in all kinds of working environments. It is really honored to have you as our customers and accompany our successful growth. We will keep making more efforts to supply higher level of products and better service to you.

We sincerely welcome you to visit our office and factory.

PT, BONA MESTY GEMILANG

VISION

Leader in Production and Supply of PPE and a Link between new technologies in safety and industries in Indonesia.

MISSION

To offer unmatched quality price and product range with an value addition to customers.

To explore the creative PPE products that is value added and other competitors do not have.

VALUES

Team Work, Professionalism, Responsibility, Quality, Respect and Reputation

Polyurethane Gloves Specialist

PU Coated Glove Series

BG 501BK

- 13G black nylon liner
- Material: nylon
- Size: S, M, L
- Seamless nylon liner features durable comfort and high level of dexterity
- Suitable for light assembly

BG 502BK

- 13G black nylon liner with PU coating
- Material: nylon, PU
- Size: S, M, L
- Seamless nylon liner features durable comfort and high level of dexterity
- Suitable for light assembly

BG 505

- 13G cut-resistant liner with smooth PU coating
- Material: HPPE yarn, PU
- Size: S, M, L
- Seamless HPPE liner features exceptional comfort and cut protection.
- Ideal for metal and glass industries.

BG 501

- 13G white nylon liner
- Material: nylon
- Size: S, M, L
- Seamless nylon liner features durable comfort and high level of dexterity
- Suitable for light assembly

BG 506

- 13G black nylon liner with black nitrile coating
- Material: nylon, nitrile
- Size: S, M, L
- Seamless nylon liner features durable comfort and high level of dexterity.
- Suitable for light assembly

BG 502

- 13G white nylon liner with white PU coating
- Material: nylon, PU
- Size: S, M, L
- Seamless polyester liner features durable comfort and high level of dexterity.
- Suitable for light assembly

BG 501

- 13G white nylon liner
- Material: nylon
- Size: S, M, L
- Seamless nylon liner features durable comfort and high level of dexterity
- Suitable for light assembly

BG 502GY

- 13G grey nylon liner with grey PU coating
- Material: nylon, PU
- Size: S, M, L
- Seamless nylon liner features durable comfort and high level of dexterity.
- Suitable for light assembly

BG 502

- 13G white nylon liner with white PU finger tip coating
- Material: nylon, PU
- Size: S, M, L
- Smooth polyurethane coating on finger tips is anti-slip and brings good grip.
- Suitable for light assembly

String Knit Glove Series & Latex Coated Glove Series

BG 701

- 7G polycotton liner
- Material: polycotton
- Size: S, M, L
- Seamless polycotton liner features a comfortable and high level of dexterity.

BG 707

- 7G polyester liner
- Material: polyester
- Size: S, M, L
- Seamless polyester liner features a comfortable and high level of dexterity.

BG 704BK

- 7G black polycotton liner with black PVC dotting
- Material: polycotton, PVC
- Size: S, M, L
- Seamless polycotton liner features a comfortable and high level of dexterity.

BG 704GY

- 7G grey polycotton liner with black PVC dotting
- Material: polycotton, PVC
- Size: S, M, L
- Seamless polycotton liner features a comfortable and high level of dexterity.

BG 704GY

- 7G polycotton liner with extra long cuff
- Material: polycotton
- Size: S, M, L
- Longer cuff render more wrist protection.
- Seamless polycotton liner features a comfortable and high level of dexterity.

BG 704DYL

- 7G black polycotton with yellow PVC dotting
- Material: polycotton, PVC
- Size: S, M, L
- Seamless polycotton liner features a comfortable and high level of dexterity.

BG 802LG

- 7G polycotton liner with latex laminating
- Material: polycotton, latex
- Size: S, M, L
- Latex crinkle finish provides great grip performance
- Excellent abrasion resistance allows for long term use

BG 801LB

- 7G polycotton liner with latex coating
- Material: polycotton, latex
- Size: S, M, L
- Latex crinkle finish provides great grip performance
- Excellent abrasion resistance allows for long term use

BG 801LO

- 7G polycotton liner with latex laminating
- Material: polycotton, latex
- Size: S, M, L
- Latex crinkle finish provides great grip performance
- Excellent abrasion resistance allows for long term use

BG 801LB

- 7G polycotton liner with latex coating
- Material: polycotton, latex
- Size: S, M, L
- Latex crinkle finish provides great grip performance
- Excellent abrasion resistance allows for long term use

BG 801LG

- 7G polycotton liner with latex laminating
- Material: polycotton, latex
- Size: S, M, L
- Latex crinkle finish provides great grip performance
- Excellent abrasion resistance allows for long term use

BG 801LG

- 7G polycotton liner with latex laminating
- Material: polycotton, latex
- Size: S, M, L
- Latex crinkle finish provides great grip performance
- Excellent abrasion resistance allows for long term use

BG 801LO

- 7G polycotton liner with latex laminating
- Material: polycotton, latex
- Size: S, M, L
- Latex crinkle finish provides great grip performance
- Excellent abrasion resistance allows for long term use

BG 704DBK

- 7G black polycotton liner with black PVC dotting
- Material: polycotton, PVC
- Size: S, M, L
- Seamless polycotton liner features a comfortable and high level of dexterity.

BG 708

- 7G cut-resistant liner
- Material: cut-resistant yarn
- Size: S, M, L
- Protects against cuts, abrasions, and sharp edges
- Suitable for glass handling and metal work

Cotton, Polyester & Nylon Glove Series

BG 402

- Nylon
- Bleached
- Flexible and good fit
- Hem around side
- Lint free

- Applications:
- Assembly work
 - Inspection
 - Electronics
 - Paint line
 - Cleanroom

BG 200

- Spandex
- Bleached
- Flexible and good fit

- Applications:
- Assembly work
 - Inspection
 - Electronics
 - Paint line
 - Cleanroom

BG 201

- Spandex
- Bleached
- Round thumb
- Flexible and good fit

- Applications:
- Assembly work
 - Inspection
 - Electronics
 - Paint line
 - Cleanroom

BG 403

- Nylon
- Bleached
- Flexible and good fit
- Hem around side
- Lint free

- Applications:
- Assembly work
 - Inspection
 - Electronics
 - Paint line
 - Cleanroom

BG 300

- Polyester (PE)
- Bleached
- Flexible and good fit

- Applications:
- Assembly work
 - Inspection
 - Electronics
 - Paint line
 - Cleanroom

BG 400

- Nylon
- Bleached
- Flexible and good fit
- Lint free

- Applications:
- Assembly work
 - Inspection
 - Electronics
 - Paint line
 - Cleanroom

BG 404

- Nylon

 - Cleanroom

Leather Glove Series

BG 1012

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb
- 14" Length

BG 1012

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb
- 14" Length

BG 1012

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb
- 14" Length

BG 1012

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb and reinforcement palm
- 14" Length

BG 1001

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb
- 14" Length

BG 1011

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb and reinforcement palm
- 14" Length

BG 1013

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb
- 14" Length

BG 1003

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb
- 14" Length

BG 2000

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 2001

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 3006

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 3007

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 1000

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 1014

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb
- 14" Length

BG 2006

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

Leather Glove Series

BG 4001

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 3004

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 3000

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 3005

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 3006

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 2003

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 4005

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 2005

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 3004

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 4000

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 3003

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 3008

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 2002

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb
- Rubberized safety cuff

BG 4006

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 4007

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

Leather Glove Series

BG 1006

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb
- 14" Length

BG 1008

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb
- 14" Length

BG 1009

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb
- 14" Length

BG 1004

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb
- 14" Length

BG 4008

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb
- 14" Length

BG 1016

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb
- 14" Length

BG 1017

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb
- 14" Length

BG 1015

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb
- 14" Length

BG 3009

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 4003

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 3001

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

BG 4002

- Side split cowhide
- Flexible, good fit, soft & durable
- Wing thumb

Chemical & Oil Glove Series

BG 8006

- Latex Examination
- Made from natural latex rubber
- Resists oil, chemicals, hydrocarbons and fats
- Abrasion resistance

BG 80005

- Nitrile Examination
- Made from synthetic rubber
- Resists oil, chemicals, hydrocarbons and fats
- Abrasion resistance

BG 8012

- Made from natural latex rubber
- Resists oil & chemicals
- Abrasion resistance
- Flexible and good fit

BG 8014

- Multi purpose
- Made from natural latex rubber
- Resists oil & chemicals
- Abrasion resistance
- Flexible and good fit

BG 8002

- Full PVC coating with cotton interlock liner
- Flexible and good fit
- Resists oil, grease, acids and solvents
- Abrasion resistance

BG 8011

- Made from natural latex rubber
- Resists oil & chemicals
- Abrasion resistance
- Flexible and good fit

BG 8013

- Made from natural latex rubber
- Resists oil & chemicals
- Abrasion resistance
- Flexible and good fit

BG 8001

- Full PVC coating with cotton interlock liner
- Flexible and good fit
- Resists oil, grease, acids and solvents
- Abrasion resistance
- Long

BG 8010

- Made from natural latex rubber
- Resists oil & chemicals
- Abrasion resistance
- Flexible and good fit

BG 8015

- Made from natural latex rubber
- Resists oil & chemicals
- Abrasion resistance
- Flexible and good fit

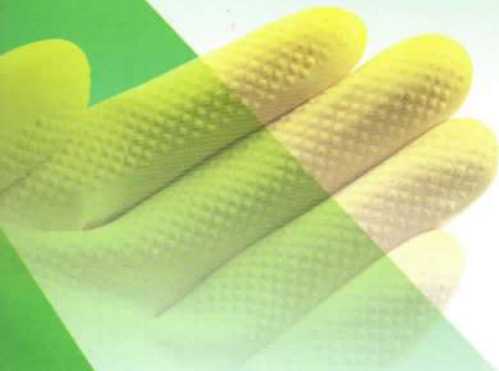

BG 8016

- Super Nitrile
- Resists oil & chemicals
- Abrasion resistance
- Flexible and good fit

BG 8020

- Finger cots
- Made from natural latex rubber
- Resists oil & chemicals
- Abrasion resistance
- Flexible and good fit

Body Protection

BG 5004

- Apron for body
- Cowhide
- Soft and durable
- Flexible and good fit

Applications:
 • Welding
 • Metal fabrication
 • General maintenance work

BG 5002

- Apron for body
- Cowhide
- Soft and durable
- Flexible and good fit

Applications:
 • Welding
 • Metal fabrication
 • General maintenance work

BG 5003

- Apron for body
- Cowhide
- Soft and durable
- Flexible and good fit

Applications:
 • Welding
 • Metal fabrication
 • General maintenance work

BG 5000

- Apron for body
- Cowhide
- Soft and durable
- Flexible and good fit

Applications:
 • Welding
 • Metal fabrication
 • General maintenance work

BG 5006

- Apron for body
- Jeans
- Soft and durable
- Flexible and good fit

Applications:
 • Inspection
 • Metal fabrication
 • Construction
 • General maintenance work

BG 5008

- Apron for body
- Cotton
- Soft and durable
- Flexible and good fit

Applications:
 • Inspection
 • Metal fabrication
 • Construction
 • General maintenance work

BG 5006
